# AN ECOSYSTEM OF INFINITE GROWTH

## Timeless Utility Without Limits

A project base on real-life utility that integrates all Web 3.0 Projects,  
Web 2.0 Brands & Merchants.

Wnfty renders a timeless utility that adds value to both worlds with infinite growth potential.  
Bridging in both ways, forming an infinite continuity between Web 2.0 & Web 3.0.

# Core Functions

## Infinity

Integration of brands/merchants & Web 3.0 projects with no limits and infinite potential on growth.

# W N F T Y

An Ecosystem of Infinite Growth

## Bridge

Bridging in both ways, forming an infinite continuity between Web 2.0 & Web 3.0.

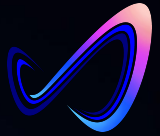

## Eternity

Utility ignores market condition and has no limitation of time & expiry.

# Infinite Growth System

Unlimited integrations

## **Integration of Brands & Merchants** (Web 2.0)

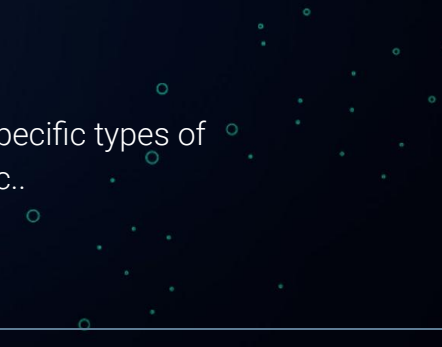

This includes every tier and type of brands, merchants, individuals, services, accommodations, F&B and etc..

## **Integration of Non-Fungible Token Projects** (Web 3.0)

By collaborating with NFT projects, every NFT would be integrated into our Wnfty Program. For example, 30 of a standard 10k project, we would have a strength of +300,000 NFTs.

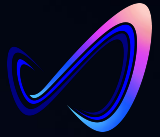

## **Integration of Crypto DeFi Projects** (Web 3.0)

We will be able to integrate DeFi token holders into Wnfty Program. Verification of specific types of crypto or minimum amount of cryptos held. For example, BTC, ETH, altcoins and etc..

# Exposure & Growth

For Web 3.0 Projects

## Showcase Your Web 3.0 Projects

Tap on Wnfty program to showcase what your project is about for both web 2.0 & web 3.0 crowd.

## Promote Your Web 3.0 Projects

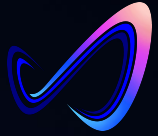

Is your project about Membership? Gaming? Tools? Services? Utility?  
There are many ways to go about, you can offer trials, limited access demos, etc..

## Value Add & Opportunities

Take your project to the next level with the integration of our Wnfty program, access to project founders and builders from all around the world.

# Web 3.0 Ready

For Web 2.0 Brands & Merchants

## Non-Fungible Token Collection for Brands & Merchants

Wnfty offers the service to build and create an NFT collection for Web 2.0 crowd. We will be the guide during the transition, ensuring greater confidence and quality.

## Maintenance of Non-Fungible Token Projects (optional)

Monthly / Yearly subscription options available for all Web 3.0 projects built by Wnfty.

## Integration of Projects Built by Wnfty

All Web 3.0 projects built by Wnfty will be automatically integrated into our Wnfty program.

# Definition of Wnfty Program

## Exposure

Traffic & Advertising  
in both worlds.
